GIVES US FIRST MOVER ADVANTAGE WITH FASTEST GROWING ECONOMY: VON DER LEYEN

# On cusp of historic India deal: Ursula

WORLD ECONOMIC FORUM DAVOS 2026

PRESS TRUST OF INDIA
New Delhi, January 20

**INDIA AND THE** European Union (EU) are on the cusp of a "historic trade agreement" that would create a market comprising two billion people accounting for almost a quarter of the global GDP, European Commission President Ursula von der Leyen said on Tuesday.

President of the European Council Antonio Costa and von der Leyen will be in India from January 25 to 27 to grace the Republic Day celebrations as chief guests and hold summit talks with Prime Minister Narendra Modi.

The two sides are set to announce the conclusion of negotiations on the much-awaited free trade agreement at the India-EU summit on January 27.

In an address at the World Economic Forum in Davos, von der Leyen said Europe wants to do business with the growth centres of today and the economic powerhouses of this century.

"I will travel to India. There is still work to do. But we are on the cusp of a historic trade agreement. Some call it the mother of all deals. One that would create a market of 2 billion people, accounting for almost a quarter of global GDP," she said in a televised address.

"And, crucially, that would provide a first-mover advantage for Europe with one of the world's fastest growing and most dynamic continents. Europe wants to do business with the growth centres of today and the economic powerhouses of this century," von der Leyen said.

"From Latin America to the Indo Pacific and far beyond, Europe will always choose the world. And the world is ready to choose Europe," she said.

The European Union is India's biggest trade partner with bilateral trade in goods recording $135 billion in the financial year 2023-24.

The free trade agreement is expected to significantly enhance ties.

## INDIA PITCH AT DAVOS

**DEVENDRA FADNAVIS,** CM, MAHARASHTRA

"We'll have very good investments this time. This time I'm very hopeful that I'll cross (last year's figure)

**HIMANTA BISWA SARMA,** CM, ASSAM

"When you're thinking of investing in India, you can consider Assam as one of the destinations. Assam is now the fastest-growing state in India

**N CHANDRABABU NAIDU,** CM, ANDHRA PRADESH

"We are fighting with giants, but India is a sleeping giant, and if we wake up, we will be the number 1 (largest economy) by 2047

# Clear dues for barrier-free tolling system: MoRTH

PRESS TRUST OF INDIA
New Delhi, January 20

**IN A RUN-UP** to a barrier-free tolling system, the government has amended rules to make it mandatory for vehicle owners to clear all toll plaza dues before selling their vehicle or obtaining a fitness certificate.

The Ministry of Road Transport and Highways (MoRTH) has notified the amended 'Central Motor Vehicles Rules, 2026' to ensure that all unpaid user fees at toll plazas are cleared by the vehicle owners.

"These amendments are aimed at improving user fee compliance, enhancing the efficiency of Electronic Toll Collection and discouraging user fee evasion on National Highways.

"These amendments will also help in user fee collection after the implementation of the Multi-Lane Free Flow (MLFF) system that will enable barrier-less tolling on the National Highway network," the ministry said in a statement.

The ministry added that no NOC will be given for vehicle transfer, fitness renewal and permits with pending toll dues.

Under the amended rules, a new definition of 'unpaid user fee' has been introduced, and it refers to the user fee payable for the use of a National Highway section, where the Electronic Toll Collection (ETC) system has recorded the vehicle's passage, but the applicable fee has not been received in accordance with the National Highways Act, 1956.

**PAY & USE**

- The road transport ministry has notified the amended rules to ensure that unpaid user fees at toll plazas is paid
- No NOC will be given for vehicle transfer, fitness renewal etc with pending toll dues

- A new definition of 'unpaid user fee' has been introduced, and it refers to the unpaid user fee for the use the toll system

# Lodha to invest ₹1L cr more in Maha

PRESS TRUST OF INDIA
New Delhi, January 20

**REALTY FIRM LODHA** Developers will invest ₹1.3 lakh crore to build a 2.5 gigawatt data centre park near Mumbai as part of its strategy to expand business.

In a regulatory filing on Tuesday, the company said it has signed a memorandum of understanding (MoU) with the Maharashtra government for an additional ₹1-lakh-crore investment to develop the data centre park. The MoU was signed against the backdrop of the World Economic Forum, Davos.

An MoU of ₹30,000 crore was signed in September 2025.

The MoU for ₹1 lakh crore investment was signed on January 19 between Abhishek Lodha, MD and CEO of Lodha Developers and the state government.

"Over and above the ₹30,000 crore commitment last year to develop the data centre park, we have signed another agreement with Government of Maharashtra to invest additional ₹1 lakh crore. The state has already scaled newer heights under the leadership of Devendra Fadnavis, Chief Minister of Maharashtra," said Abhishek Lodha.

According to the company, this data centre is slated to be the largest in the country. It will create over 16,000 direct and indirect jobs.

The project will be developed under the Maharashtra government's Green Integrated Data Centre Park policy. The latest agreement of ₹1 lakh crore will bolster Lodha Group's commitment to Maharashtra's growth, the company said.

**DEAL HUNTING**

- Maharashtra signed 19 MoUs involving investment commitments worth ₹14.5 lakh crore
- Andhra Pradesh & RMZ Group announced ₹91K cr infrastructure partnership

The project will be located at its 5,000-acre township in Palava near Mumbai.

Elaborating on the project, the company said it will accommodate several major international and domestic players. Amazon has already acquired a land parcel for its data centre and also made arrangements for its power requirement for the next 15 years. Singapore-based STT Global Data Centres has also acquired a land parcel in the park.

Lodha Group said it will play the role of developer for several players who are keen on setting up data centres.

According to real estate consultant CBRE, the data centre capacity of India reached 1530 MW in September last year.

Anshuman Magazine, Chairman & CEO - India, South-East Asia, Middle East & Africa, CBRE, noted that India's data centre capacity has seen significant growth in the last four to five years, mirroring the country's rapid digital transformation.

# AI benefits need even distribution, says Nadella

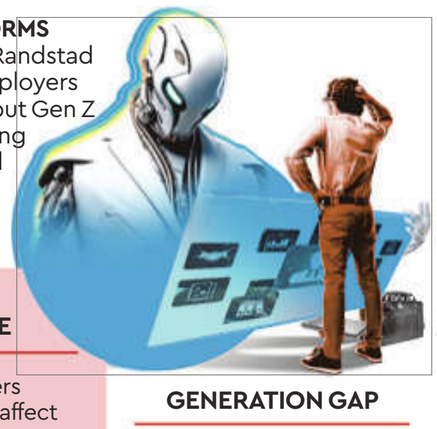

**MICROSOFT CEO SATYA** Nadella on Tuesday said the goal of artificial intelligence should be to improve everyone's lives, from education outcomes to public sector efficiency.

Speaking at the WEF Annual Meeting, Nadella said it will be a "tell-tale" sign of a bubble if all the AI talk focused only on the supply side or the technology companies.

He said the role of AI needs to be examined across all aspects of life, such as how it is helping pharma companies bring critical drugs faster to the market or accelerate trials. – PTI

# AI anxiety grips millennials, Gen Z

**AS AI TRANSFORMS** workplaces, a Randstad survey says employers are optimistic but Gen Z is anxious, fearing automation will reward firms more than workers

**AI IN THE WORKPLACE**

**4 in 5** workers believe AI will affect their daily tasks

Job postings needing **"AI agent"** skills have surged **+1,587%**

Survey included **27,000** workers, **1,225** employers across **35** markets

**GENERATION GAP**

**Gen Z:** Most concerned about AI replacing roles

**Baby Boomers:** Most confident, least worried

Half of all workers fear AI will benefit corporations more than employees

**SHIFT IN JOB LANDSCAPE**

AI & automation are increasingly replacing low-complexity, transactional roles

Cost-saving and efficiency remain top company priorities

Firms continue investing heavily in AI, despite uncertain short-term returns

**BROADER CONTEXT**

Labour markets under pressure amid global job cuts

Trade tensions and policy uncertainty adding to instability

AI seen as both disruptor and driver of future business growth
